

# Interoceanic Solutions LLC

## Capability Statement

Precision Logistics. Sovereign Operations. Global Reach.

Interoceanic Solutions LLC is a **strategic logistics, compliance, and operational solutions firm** delivering **medical courier, last-mile delivery, and cross-border operational support** to healthcare systems, enterprises, and government-adjacent organizations. We specialize in **high-accountability environments** where reliability, chain of custody, and regulatory discipline are non-negotiable.

We do not compete solely on price—we compete on **execution, continuity, and trust**.

### Core Competencies

#### Medical Courier & Healthcare Logistics

- STAT, scheduled, and on-demand medical deliveries
- Lab specimens, pharmacy distribution, and medical equipment
- HIPAA-aware chain-of-custody protocols
- Time-critical and temperature-sensitive handling

#### Last-Mile & Route-Based Delivery

- Scheduled route replacement & fleet augmentation
- High-stop density optimization
- Enterprise and healthcare last-mile solutions
- Scalable 1099 contractor networks

#### Operational Infrastructure & Compliance

- Contractor onboarding, compliance, and routing support
- Insurance, credentials, and documentation management
- SOP-driven execution for regulated environments

#### Cross-Border & Interoceanic Solutions

- International logistics coordination
- Cross-jurisdictional operational structuring
- Strategic partnerships for the global movement of goods

*Interoceanic Solutions LLC exists to bring order, accountability, and sustainability to logistics environments where failure is not an option.*

## Differentiators

### Contractor-First Operating Model

We deploy a **profit-sharing, independent contractor model** (70/30 or 60/40) that drives **performance, accountability, and retention**, ensuring consistent service quality for clients.

### Compliance-Ready by Design

Built for healthcare, enterprise, and government-adjacent environments—our systems support **HIPAA awareness, chain-of-custody integrity, and audit readiness**.

### Scalable Without Compromise

From single-market routes to multi-region rollouts, Interoceanic Solutions LLC scales **without degrading service quality or contractor economics**.

### Revenue-Aligned Logistics

We structure delivery operations to support **predictable costs for clients** and **sustainable margins for contractors**, reducing turnover and service disruption.

## Service Delivery Models

- **Per Mile** - Distance-based pricing for STAT and regional runs
- **Flat Route Fees** - Ideal for fleet replacement and variable stop counts
- **Per Stop** - High-density or add-on stop structures
- **Per Package / Piece** - Pharmacy, lab, and e-commerce distribution

Each model is supported by **custom rate sheets and profitability calculators** to ensure clarity, transparency, and long-term viability.

## Industries Served

- Hospitals & Health Systems
- Laboratories & Diagnostic Centers
- Pharmacies & Medical Distributors
- Enterprise Logistics & Supply Chain Operations
- Government-Adjacent & Regulated Organizations

## Operational Coverage

- Local, regional, and multi-state operations
- On-demand, same-day, and scheduled routes
- Domestic and interoceanic coordination

*Interoceanic Solutions LLC exists to bring order, accountability, and sustainability to logistics environments where failure is not an option.*

## Why Interoceanic Solutions LLC

- ✓ Execution over theory
- ✓ Accountability over volume
- ✓ Sustainability over short-term margins
- ✓ Infrastructure built for regulated environments

We operate as a **logistics partner**, not a dispatch vendor.
