Medical Courier & Last-Mile Delivery Rate Sheet

This rate sheet template is designed to ensure transparent, competitive, and profitable pricing for medical courier and last-mile delivery services. Rates may be customized based on contract scope, volume, and operational requirements.

Pricing Model	Rate	Notes
Per Mile	\$1.65 / mile	Distance-based pricing for variable routes
Flat Fee	\$150 / route	Fixed income regardless of stop fluctuation
Per Stop	\$6.50 / stop	Best for high-density delivery routes
Per Piece	\$4.25 / package	Ideal for e-commerce and parcel delivery

Profit Consideration

Fuel costs, insurance, vehicle type, MPG, maintenance, labor, and route complexity should be factored into all pricing decisions to protect margins.
